

STAIR CLIMBING TROLLEY - ZONZINI

Description

SAFE AND STABLE: DESIGNED FOR ANY KIND OF STAIRS

With Domino, you can go up and down any type of staircase easily and safely.

It can travel over any type of flooring thanks to its special non-staining and non-scratching crawler tracks.

Domino can also be used outdoors on uneven surfaces such as grass, gravel, dirt etc., without requiring the operator to keep the load balanced.

AUTOMATIC MODE

“With the new Automatic feature, DOMINO automatically tilts the load on the stair; the operator simply has to drive it through the joystick. So much technology to make transport easier and safer than ever.

With DOMINO Automatic the operator can choose at any time whether and when to switch to manual mode.

EQUIPPED WITH INDEPENDENT CRAWLER TRACKS WITH 360° ROTATION

The independent crawler tracks with double electric motor guarantee maximum manoeuvring comfort even in narrow spaces. It is operated with a proportional joystick. It is easy-to-use and intuitive.

NO FATIGUE FOR THE OPERATOR

The weight is always distributed evenly on the staircase, so that the operator does not have to keep the trolley balanced. Thanks to its special crawler tracks, the load always remains safe, with no risk of slipping.

RICOH MP 305+ SPF

BLACK & WHITE MULTI-FUNCTION PRINTERS.....
RICOH MP 305+ SPF

Description

A compact MFP but with A3 capabilities

The MP 305+ SP and MP 305+ SPF are smart, compact A4 monochrome MFPs with A3 capability that are ideal for small to medium-sized offices. With great usability functions like the Smart Operation Panel, you get all the advantages and the compact footprint of an A4 MFP but with A3 printing capabilities. Printing at 30ppm these devices are versatile, extremely quiet and they're both ideal if you're looking for inexpensive A3 printing solutions without losing valuable office space that a traditional A3 MFP would occupy.

- Super compact design A3 print, copy, scan, and fax capabilities in a compact A4 footprint
- 10.1" Smart operation panel provides intuitive operation
- Offer near-silent operation for a more comfortable working environment
- Inexpensive to run with an all-in-one solution-ready configuration

RICOH MP 6503SP/MP 7503SP/MP 9003SP

B&W MULTIFUNCTIONALS.....
MP 6503SP/MP 7503SP/MP 9003SP

Description

Smart technology. Supreme performance.

Transform your office with a professional-quality device that's designed for environments that never stop. The MP 6503SP/MP 7503SP/MP 9003SP offers 65/75/90ppm print speed as well as outstanding reliability, productivity and functionality that helps smooth your business-level workflow. The 10.1 inch Smart Operation Panel allows for much more intuitive document management and also ensures locked-down security for your total output. This is combined with extended software capabilities including integration with a range of our workflow enhancing technologies like Streamline NX, GlobalScan NX, and RICOH Scan CX – so your business is always productive and connected.

RICOH MP 2001L

BLACK & WHITE MULTI-FUNCTION PRINTERS.....MP 2001L

Description

Economical and productive MFP for busy workgroups

The Ricoh MP 2001L supports more efficient ways of working. With A3 printing, copying and colour scanning as standard, they do the work of several machines. Yet take up a fraction of the space and are more energy-efficient and economical to run. Perfect for busy workgroups, it is also highly productive. Fast print speeds and a rapid first page to print keep work flowing, while multi-tasking prevents bottlenecks. The colour scanner gives you scope to enhance processes further through electronic workflows and paperless archiving. Offering advanced features and economical operation, the Ricoh MP 2001L is ideal devices for the modern workplace.

All models come complete with a robust Intel® processor and highspeed Single-Pass Document Feeder (SPDF), maximising your office performance and productivity.

MP C306ZSPF

RICOH COLOUR MULTIFUNCTIONALS.....MP C306ZSPF

Description

Simplify complex jobs with a handy touch & swipe operation panel

Get the most from your office space and benefit from a quick, lasting return on your investment with Ricoh's new smart A4 colour MFPs. Designed for fast operation and easy integration with your existing document workflows, this MFP series features a large, intuitive control panel that's as simple and convenient to use as a tablet, combined with the ability to handle many of the functionalities and workflows of a large A3 MFP. But these MFPs do more than enhance productivity. They eliminate the need for you to invest in extra space for the functionalities you need. Their small footprint and quiet operation mean they can be placed anywhere without distracting employees or interrupting meetings. And to help you save even more costs, while reducing your carbon footprint, Ricoh has made them amazingly energy-efficient.

- Easy to use: intuitive tablet-style operation
- Productive: seamless integration into your document workflows, saving time and costs

- Space-saving: more functionality from your valuable office space
- Energy-efficient: reduced electricity costs and environmental impact
- Quiet: can be placed anywhere without disturbing meetings or employees

CANON LASER MULTIFUNCTION PRINTER MF249dw

Brand.....CANON
Price.....MYR 1,530.00
MODEL.....MF249dw

Description

Feature-rich All-in-One (Print, Copy, Scan, Fax) with wireless connectivity

Features:

Save time by copying and scanning on two-sided conveniently, courtesy of the duplex automatic document feeder.

- Print Speed (A4): up to 27ppm
- FPOT (A4): 6.0secs.
- Print Resolution: Up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 500 - 2,500 pages

Auto-Duplex Printing

Stay productive with the built-in auto duplex printing engine. Save time, save paper and save the environment by printing double-sided documents.

50-sheet Auto Document Feeder

A 50-sheet Duplex Auto Document Feeder (DADF) performs automated batch copying, scanning, or faxing of 2-sided document originals.

Built-In PCL Language

The MF249dw comes standard with PCL language, enabling the printer to work with a wide range of business applications.

Vari-Angle Operation Panel

Adopting a vari-angle operation panel design, users are able to tilt the panel according to own preference as well as easy operation. This design also provides flexibility in terms of device placement, be it being placed on ground level or on pedestal.

One-Touch Solution Keys

Tap on the convenience of One-Touch Solution Keys, which are task-dedicated buttons that simplify operations with minimal button-pushing for frequently performed tasks.

Direct Connection

The imageCLASS MF249dw has built in Access Point capability, enabling easy connection to mobile devices without a router.

Wireless Connectivity

The imageCLASS MF249dw has wireless connectivity, allowing you to connect the printer wirelessly within your network and do away with unsightly cables.

SEND Technology

Take advantage of Canon's SEND technology by scanning and sending documents to email or shared folder, increasing the efficiency of document exchange in your office.

Greater Mobility Anywhere

Armed with a suite of Canon applications as well as support for third party print solutions, you can now print and scan directly from your smartphone or tablet without the use of a computer.

CANON LASER MULTIFUNCTION PRINTER MF246dn

Brand.....CANON
Price.....MYR 1,390.00
MODEL.....MF246dn

Description

Feature-rich All-in-One (Print, Copy, Scan, Fax) with duplex and network

Features:

With built-in duplex printing engine, the imageCLASS MF246dn increases productivity, at the same time save paper and printing cost.

- Print Speed (A4): up to 27ppm
- FPOT (A4): 6.0secs.
- Print Resolution: Up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 500 - 2,500 pages

Auto-Duplex Printing

Stay productive with the built-in auto duplex printing engine. Save time, save paper and save the environment by printing double-sided documents.

35-sheet Auto Document Feeder

A 35-sheet Auto Document Feeder (ADF) performs automated batch copying, scanning, or faxing of multi-page document originals.

Built-In PCL Language

The MF246dn comes standard with PCL language, enabling the printer to work with a wide range of business applications

SEND Technology

Take advantage of Canon's SEND technology by scanning and sending documents to email or shared folder, increasing the efficiency of document exchange in your office.

Network Printing

Printing within small workgroups and offices is made easy with the imageCLASS printers' embedded networking standards. With built-in LAN, the printer makes it convenient and effortless to share print resources with other users on the same network.

Greater Mobility Anywhere

Armed with a suite of Canon applications as well as support for third party

print solutions, you can now print and scan directly from your smartphone or tablet without the use of a computer.

Vari-Angle Operation Panel

Adopting a vari-angle operation panel design, users are able to tilt the panel according to own preference as well as easy operation. This design also provides flexibility in terms of device placement, be it being placed on ground level or on pedestal.

CANON LASER MULTIFUNCTION PRINTER MF235

CANON LASER LASER SHOT LBP5970

Brand.....CANON
MODEL.....LASER LASER SHOT LBP5970

Description

Commanding printing solutions

Features:

Experience a new level of office productivity with the quick and reliable LBP5970, which delivers large A3 documents at 9600dpi with quick warm-up time for fast, energy-efficient printing.

- Colour laser printer
- Media: A3, A4, Letter and more
- Print speed (A4): up to 32ppm
- Recommended Monthly Print Volume: 3,000 - 10,000 pages

32/30ppm A3 printing

Print crisp and clear black & white and colour documents, presentations and more in the professional laser quality you demand. With super-fast printouts of 32 pages per minute for black & white and 30 pages per minute for colour on A3 paper, this printer delivers speed and quality in one.

UFR II: Ultra-fast prints

This LASER SHOT uses Canon's Ultra Fast Rendering (UFR II) architecture to efficiently distribute data processing load between printer and PC. UFR II ensures printers have a consistent print rate, unaffected by changes in data size or print environment. This enables the printer to achieve dramatically increased processing speeds compared to conventional print architectures. With UFR II and additional built-in PCL 5e/6 drivers this laser printer integrates easily into your business workflow for the most efficient output.

Network-ready

Network printing is made possible with the printer's built-in networking standard for fast, easy printing within small workgroups or offices. A suite of Canon network software is also available, including NetSpot Device, NetSpot Console and Remote UI to allow users to manage and control tasks such as checking printer status, monitoring prints or deleting jobs.

CANON LASER PRINTER LBP841Cdn

Brand.....CANON
Price.....MYR 8,620.00
MODEL.....LBP841Cdn

Description

A3 colour laser for the dynamic business.

Features:

Created for bigger possibilities, the imageCLASS LBP841Cdn features blazing print speeds with easy operation, ensuring reliable performance

and stunning quality.

- Print speed (A4: Mono / Colour): up to 26ppm
- FPOT (A4: Mono / Colour): 7.9 / 9.9secs.
- Max. paper input capacity: Up to 2,000 sheets
- Print Resolution: Up to 9,600 (equivalent) x 600dpi
- Recommended Monthly Print Volume: 1,250 - 8,000 pages

Amazing Print Speeds

Enhance your productivity with this high-speed laser printer which produces printouts of up to 26ppm (A4) for both colour and monochrome, with the first printout in less than 10 seconds.

Versatile Media Handling

Designed with versatility in mind, the imageCLASS LBP841Cdn allows printing on various paper sizes (A3 to A5), as well as on different paper media (plain to coated paper). On top of the standard 250 sheet cassette and 100 sheet multipurpose tray, the total paper input capacity can be increased to 2,000 sheets, minimizing the frequency to replenish paper.

Energy Efficient

The imageCLASS LBP841Cdn minimizes environmental impact with its low power consumption in standby and sleep modes, making it one of the most energy-efficient printers in its class.

Seamless Network Connectivity

With built-in Gigabit Ethernet connectivity, the imageCLASS LBP841Cdn can be shared in the network environment, capable of handling the most demanding workload. It also comes with the widely-used PCL print language, enabling the printer to work with a wide range of business applications.

All-in-One Cartridge System

Enjoy fuss-free and low maintenance operation with the compact All-in-One Cartridge 335E. Availability of the high-yield toners (Cartridge 335) ensures continuous high quality printouts at a lower cost-per-page.

Mobile Printing Solutions

With Canon's latest mobile business solution, you can print and scan documents, photos, web pages and emails all with just one app.

CANON LASER PRINTER LBP8780x

Brand.....CANON
Price.....MYR 6,940.00
MODEL.....LBP8780x

Description

A3 monochrome laser printer for the high productivity office

Features:

Powerful and fast monochrome printer with 100% duplex productivity, PCL5e/6 and PostScript3 language support and Canon MEAP integration
Print speed (A4): up to 40ppm
Duplex print speed (A4) of up to 40ipm (20 pages)
Max. paper input capacity of up to 2,000 sheets
Recommended Monthly Print Volume: 4,000 - 10,000 pages

On Demand Fixing Technology

Canon's proprietary technology On-Demand Fixing consume less power and warm up quickly compared to the conventional fusing roller designs, enabling a fast warm up time and quick first print.

Auto-Duplex Printing

The built-in duplex print engine in LBP8780x effectively cuts paper usage to half while maintaining duplex print productivity with 100% efficiency. Printing 20 pages of double-sided document is now as fast as printing 40 pages of single-sided document.

High Paper Input Capacity

The standard 250-sheet cassette and 100-sheet multi-purpose tray, together with optional 550-sheet Paper Feeder brings the maximum total paper input capacity to a massive 2,000 sheets, suitable to handle large volume print job.

Mobile Printing Enabled

Increase flexibility and document mobility by printing directly from USB flash memory. Tiff, JPEG, PDF and XPS files are supported.

USB Direct Printing

Increase flexibility and document mobility by printing directly from USB flash memory. TIFF, JPEG, PDF and XPS files are supported.

MEAP-enabled, uniFLOW compatible

MEAP, a Java-based platform for developing applications, is built-in so the LBP8780x can be incorporated into solutions – such as uniFLOW, which simplifies print output management while reducing cost.

Minimal Maintenance

The Canon all-in-one toner cartridge 333 integrates the photosensitive drum, cleaning unit and toner reservoir in one compact package, saving costs and making cartridge replacements easy. Optional high capacity cartridge 333H is available for customer with high volume printing, reducing the frequency of replacing cartridge even further.

CANON LASER PRINTER LBP8100n

Brand.....CANON
Price.....MYR 3,770.00
MODEL.....LBP8100n

Description

A3 Monochrome Printer for Relentless Productivity

Features:

The ideal solution for a small-medium office or workgroup environment. Increase your productivity and achieve professional quality monochrome prints.

Print speed: Up to 30ppm (A4) / 15 ppm (A3)

FPOT (A4): 9.3secs.

Max. paper input capacity: Up to 2,000 sheets

Print resolution: up to 1200 x 1200dpi (equivalent)

Recommended Monthly Print Volume: 2,000 - 5,000 pages

On-Demand Fixing Technology

Manage your workload and keep productivity levels high. With Canon's proprietary technology On-Demand Fixing technology, you can expect a faster warm up time and quick First Print Out Time of a mere 9.3 seconds.

High-Capacity Paper Handling

Other than the standard 250-sheets cassette and 100-sheets multi-purpose tray, the total paper input capacity of LBP8100n can be expanded to a hefty 2,000 sheets with optional paper feeders, minimizing the need for frequent replenishments.

2-sided Printing (Optional)

Do your part for the environment! With the optional Duplex Unit (DU-D1), you have the flexibility to print on both sides of the paper, reducing the carbon footprint and operational costs.

Network Printing

Connect to existing network with built-in Ethernet. Rely on the Remote UI feature to manage and control tasks such as checking printer status, monitoring prints or deleting jobs.

Single Cartridge System

Save time and effort with Canon All-in-One cartridge system. With the integration of photosensitive drum, cleaning unit and toner reservoir in one compact package, it allows you to replace the cartridge in seconds.

Mobile Printing Solutions

With Canon's latest mobile business solution, you can print documents, photos, web pages and emails all with just one app.

CANON LASER PRINTER LBP7780Cx

Brand.....CANON
Price.....MYR 5,780.00
MODEL.....LBP7780Cx

Description

Fast Colour Printer With Network

Features:

Powerful, smart and fast colour printer that thrives in demanding office environments.

FPOT (A4: Mono / Colour): 10.2 / 10.4secs

Print speed (A4: Mono / Colour): up to to 32ppm

Print, Auto-Duplex, Gigabit Ethernet, MEAP, Direct PDF Print

Recommended Monthly Print Volume: 1,250 - 5,000 pages

Fast Colour Printing

Save time with this high-speed laser printer, which prints 32ppm (A4) for both colour and monochrome, with a first printout in just 10.2secs.

PCL5c / PCL6, and Adobe PostScript 3

The LBP7780Cx supports industry standard PCL5c/6 and Adobe® PostScript printing. With 93 scalable PCL fonts and 136 PostScript fonts, the LBP7780Cx is designed to fit into any installation environment.

Auto-Duplex Printing

Increase productivity with the built-in auto duplex printing engine. Save on paper costs and reduce your environmental impact.

Direct Print from USB Storage

Increase flexibility and document mobility by printing directly from USB flash memory. Tiff, JPEG, PDF and XPS files are supported.

5-Line LCD Display

An animated 5-line LCD display allows more information to be available at a glance, and makes device management and maintenance easier.

Designed for High-Volume Printing

A 500-sheets cassette and 100-sheets multi-purpose tray comes as a standard. An optional 500-sheet cassette provides a total paper supply of 1100 sheets to handle even the heaviest workloads.

Low Power Consumption

The LBP7780Cx reduces environmental impact with Sleep Mode power consumption as low as 1W. Energy Star Typical Energy Consumption

(TEC) is 1.6kWh/week, making it amongst the lowest against printers in its class.

MEAP-enabled, uniFLOW compatible:

MEAP, a Java-based platform for developing applications, is built-in so the LBP7780Cx can be incorporated into solutions – such as uniFLOW, which simplifies print output management while reducing cost.

All-in-One Toner Cartridge 332 Series

Canon's All-in-One cartridge – containing toner and all essential parts – can be replaced in seconds. An optional high capacity black toner cartridge means even less downtime replacing toners.

CANON LASER PRINTER LBP7680Cx

Brand.....CANON
Price.....MYR 3,890.00
MODEL.....LBP7680Cx

Description

The total printing solution with secure printing functionality

Features:

The imageCLASS LBP7680Cx features PCL and Postscript support with auto duplex printing and Canon MEAP integration.

- FPOT (A4): 7.8secs.
- Print speed (A4: Mono / Colour): up to 20 / 20ppm
- Gigabit Ethernet support
- Recommended Monthly Print Volume: 750 - 2,000 pages

On Demand Fixing Technology

Canon's proprietary On-Demand Fixing Technology transfers heat directly to the ceramic heating element, reducing warm-up time to the bare minimum and enabling a quick first print.

Automatic 2-sided printing

The built-in duplex printing engine allows automatic 2-sided printing. The built-in duplex printing engine allows automatic 2-sided printing.

USB Direct Printing

Users can print directly from USB flash memory. PDF, JPEG, TIFF and XPS file formats are supported.

Built-in PCL and Postscript support

The imageCLASS LBP7680Cx offers PCL 5c / 6 and Postscript 3 support as a standard.

Canon MEAP-embedded

The imageCLASS LBP7680Cx is the first Canon single-function printer to feature Multifunctional Embedded Application Platform (MEAP) as a

standard. MEAP is a Java-based platform that allows applications to reside within the device, allowing server-based secure print authentication and cost-accounting compatibility with the Canon uniFLOW architecture.

Minimal maintenance

The imageCLASS LBP7680Cx uses the all-in-one Toner Cartridge 318 (Cyan / Magenta / Yellow / Black). The Canon all-in-one toner cartridge design integrates the photosensitive drum, cleaning unit and toner reservoir in one compact package, saving costs and making toner replacements easy.

CANON LASER SHOT LBP7200Cdn

Brand.....CANON
 Price.....MYR 2,950.00
 MODEL.....LASER SHOT LBP7200Cdn

Description

Fast. Professional. Impactful.

Features:

Meet the perfect colour printing investment. The network-ready LBP7200Cdn lets you save with auto duplex printing and combines speed and brilliant laser quality for a business partner out of the box.

- Colour laser printer
- Media: A4, Letter and more
- Print speed (A4): up to 20ppm
- Recommended Monthly Print Volume: 500 - 1,000 pages

20ppm colour / mono A4

Print crisp black & white or colour documents, presentations and more in the professional laser quality you demand. With super-fast printouts of 20 pages per minute for black & white and colour on A4 paper, this printer delivers speed and quality in one.

Network-ready

Network printing is made possible with the printer's built-in networking standard for fast, easy printing within small workgroups or offices. A suite of Canon network software is also available, including NetSpot Device, NetSpot Console and Remote UI to allow users to manage and control tasks such as checking printer status, monitoring prints or deleting jobs.

CAPT 3.0 processing power

By harnessing the power of Canon Advanced Printing Technology (CAPT) and Hi-ScoA (High Smart Compression Architecture), this printer is able to process image data faster than conventional printers. What Hi-ScoA does is compressing print data into smaller sizes for quick transferring from computer to printer with CAPT. The result is superior print speeds without any expensive printer memory upgrades.

Achieve ultimate print productivity with lightning-fast print speed and high paper input capacities with the new imageCLASS LBP351x.

- Print speed (A4): up to 55ppm
- FPOT (A4): 7.2secs.
- Max. paper input capacity: Up to 3,600 sheets
- Print Resolution: up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 3,000 - 16,000 pages

Support Multiple Printing Environments

With built-in Gigabit Ethernet connectivity, the imageCLASS LBP351x can be shared in any network environment, capable of handling the most demanding workload. It also comes standard with PCL and Adobe PostScript print languages, allowing the easy integration with a wide range of business applications.

Secure Print

Be assured of document confidentiality with the Secure Print function. With this, highly confidential documents will only be released with the input of correct PIN number, effectively keeping sensitive information from unintended recipients.

All-in-One Cartridge System

Enjoy fuss-free and low maintenance operation with the All-in-One Cartridge 039. A higher yield toner of 25,000 pages (Cartridge 039H) allows you to continuously print high quality output, at the same time reducing operating costs.

Expandable Paper Capacity

On top of the standard 500-sheet cassette and 100-sheet multipurpose tray, the imageCLASS LBP351x has multiple paper options to expand its paper handling capability to as much as 3,600 sheets, minimizing the frequency to replenish paper.

Flexible Media Handling

For high-speed A5 printing or printing on small media, simply replace the standard paper cassette with the optional A5 Cassette A1 or Custom Media Cassette-A1.

Mobile Printing Solutions

With Canon's latest mobile business solution, you can print and scan documents, photos, web pages and emails all with just one app.

Flexible Media Handling

CANON LASER PRINTER LBP6780x

Price.....MYR 4,200.00

Description

Powerful A4 Monochrome Printer with Auto-Duplex Printing And Network

Features:

Powerful, smart and fast monochrome printer that thrives in demanding office environments.

- Print, Auto-Duplex, Gigabit Ethernet, MEAP
- FPOT (A4): 8.6secs.
- Print speed: up to 40ppm (A4)
- Recommended Monthly Print Volume: 1,500 - 5,000 pages

Fast Printing

Save time with this high-speed laser printer, which prints 40ppm (A4) and has a First Printout Time of 8.6 seconds.

PCL5e/PCL6, and Adobe PostScript 3

The LBP6780x supports industry standard PCL5e/6 and Adobe® PostScript printing. With 93 scalable PCL fonts and 136 PostScript fonts, the LBP6780x is designed to fit into any installation environment.

Auto-Duplex Printing

Increase productivity with the built-in auto duplex printing engine. Save on paper costs and reduce your environmental impact.

Direct Print from USB Storage

Increase flexibility and document mobility by printing directly from USB flash memory. Tiff, JPEG, PDF and XPS files are supported.

5-Line LCD Display

An animated 5-line LCD display allows more information to be available at a glance, and makes device management and maintenance easier.

Designed for High-Volume Printing

A 500-sheets cassette and 100-sheets multi-purpose tray comes as a standard. Up-to two additional 500-sheet cassettes can be added, increasing maximum paper capacity to 1,600 sheets.

CANON LASER PRINTER LBP253x

Brand.....CANON
Price.....MYR 1,670.00
MODEL.....LBP253x

Description

Features:

Reliable and full-featured printer equipped with all the office essentials such as WiFi, UniFLOW and mobile printing capabilities.

- Print speed (A4): up to 33ppm
- FPOT (A4): 6.0secs.
- Max. Paper Input Capacity: Up to 800 sheets
- Print Resolution: up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 750 - 3,000 pages

Automatic Duplex Printing

Do your part for the environment with the automatic duplex printing feature. Print on both sides to reduce paper wastage while reducing the carbon footprint and operational costs.

Wireless Printing

Connect seamlessly with this Wi-Fi, network ready printer. Set up a wireless network for multiple users instantly with just one-touch of the WPS button on the printer and router.

Secure Print

Manage the level of confidentiality of sensitive documents with the Secure Print function. Print jobs will only be released upon successful authentication at the printer.

3.5 inch Color Touch Screen Interface

With the 3.5-inch colour LCD touch screen display, you can now customize your favourite settings as shortcut buttons on the well-designed menus for easy access, saving time on set-up and maintenance.

Low Power Consumption

The LBP6780x reduces environmental impact with Sleep Mode power consumption as low as 1W. Energy Star Typical Energy Consumption (TEC) is 1.9kWh/week, making it amongst the lowest against printers in its class.

MEAP-enabled, uniFLOW compatible:

MEAP, a Java-based platform for developing applications, is built-in so the LBP6780x can be incorporated into solutions – such as uniFLOW, which simplifies print output management while reducing cost.

All-in-One Toner Cartridge 324 Series

Canon's All-in-One cartridge – containing toner and all essential parts – can be replaced in seconds. An optional high capacity Cartridge 324 II means even less downtime replacing toners.

uniFLOW Compatible

LBP253x supports uniFLOW output management solution, allowing you to track print jobs to individuals, departments, as well as providing user based reporting.

PCL 6 and Adobe PostScript 3

The LBP253x supports industry standard PCL 6 and Adobe® PostScript printing, designed to fit into any installation environment.

Mobile Printing Solution

With Canon's latest mobile business solution, you can print and scan documents, photos, web pages and emails all with just one app.

CANON LASER PRINTER LBP251dw

Brand.....CANON
Price.....MYR 1,450.00
MODEL.....LBP251dw

Description

Features:

Experience clutter-free productivity with the compact and wireless duplex printing imageCLASS LBP251dw.

- Print speed (A4): up to 30ppm
- FPOT (A4): 6.0secs.
- Max. Paper Input Capacity: Up to 800 sheets
- Print Resolution: up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 500 - 2,500 pages

Automatic Duplex Printing

Do your part for the environment with the automatic duplex printing feature. Print on both sides to reduce paper wastage while reducing the carbon footprint and operational costs.

Wireless Printing

Connect seamlessly with this Wi-Fi, network ready printer. Set up a wireless network for multiple users instantly with just one-touch of the WPS button on the printer and router.

High-Capacity Paper Handling

Other than the standard 250-sheets cassette and 50-sheets multi-purpose tray, the total paper input capacity can be expanded up to 800 sheets with an optional 500-sheet paper feeder, minimizing the need for frequent replenishments.

Built-In PCL language

In addition to Canon's proprietary UFR II print language, the LBP251dw also comes standard with PCL language, ensuring easy integration into most office print environments.

5-Line LCD Display

Navigate and configure the printer setting easily with the 5-line LCD display. More information is now available at a glance, facilitating device management and maintenance.

Mobile Printing Solutions

With Canon's latest mobile business solution, you can print and scan documents, photos, web pages and emails all with just one app.

CANON LASER PRINTER LBP151dw

Price.....MYR 1,000.00
MODEL.....LBP151dw

Description

Features:

Connect wirelessly and do automatic duplex printing with imageCLASS LBP151dw.

- Print Speed (A4): up to 27ppm
- FPOT (A4): 8.0secs.
- Max. paper input capacity: Up to 251 sheets
- Print resolution: up to 1200 x 1200dpi (equivalent)
- Recommended Monthly Print Volume: 500 - 1,500 pages

On-Demand Fixing Technology

Manage your workload and keep productivity levels high. With Canon's proprietary technology On-Demand Fixing technology, you can expect to receive your printouts within seconds, with a First Print Out Time of just 8 seconds.
