GROOVY CUSTOM FIT SUNSHADES

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centres around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our

products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do have sun shades for the rear window. However, not all model we might manufacture the rear sun shades to cover more model in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Description

Groovy Custom Fit Sunshades For HONDA CR-Z

- 4 Pieces Side Windows Clip-On Type sunshades
- 1 Piece Rear Windshield Sunshades

GROOVY CUSTOM FIT SUNSHADES

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our

products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do have sun shades for the rear window. However, not all model we might manufacture the rear sun shades to cover more model in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns

in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do have sun shades for the rear window. However, not all model we might manufacture the rear sun shades to cover more model in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun

shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

- 1 Piece Rear Windshield Sunshades RM260.00

GROOVY CUSTOM FIT SUNSHADES

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advanced automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up to 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good

UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TÜV Rheinland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Groovy Custom Fit Sunshades Snap-On Magnetic Sunshades For HONDA FREED 2008~

- 6 Pieces Snap-On Magnetic Side Windows Sunshades
- 1 Piece Rear Windshield Sunshades

GROOVY CUSTOM FIT SUNSHADES

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up to 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns

in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our

products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advanced automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up to 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TÜV Rheinland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use.

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required.

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation.

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight.

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made of?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun

shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

FIRESTORM Ignition Coil Booster

Price.....MYR 600.00
Country of manufacturer.....Japan
Type.....Hyper

Description

FIRESTORM IGNITION COIL BOOSTER

The Firestorm Ignition Coil Booster is designed to allow you to immediately feel the difference in performance. With its simple plug and play installation, there is no cutting of wires or modification to any parts. Just enjoy your 'new' ride and worry no more as your vehicle warranty will still be valid, even after installing the FireStorm Ignition Coil Booster.

How It Works:

The FireStorm Ignition Coil Booster is designed to raise the voltage frequency but at the same time lowers the input current due to the high frequency pulses. This causes the sparks to fire multiple times faster than normal. The stronger spark improves the combustion process by burning the air/fuel mixture more completely. This will release more energy from the previously unburned air/fuel mixture, which results in the form of increased torque from the engine.

Benefits:

- Power Enhancer, bigger sparks for more power and extra torque
- Improved fuel economy with lower emissions and minimizes unburned petrol smell
- Improves hot and cold engine starting resulting in a smoother and quieter running engine
- Lesser kick downs and gear changes which translates to increased fuel economy
- Plug and play installation with no cutting of wires, hacking or modifications during installation
- Lower ignition coil input current results in cooler ignition coil and spark plugs, parts lasts longer
- Heat-resistant and water-resistant. Zero maintenance
- Works on all vehicles which run on petrol and NGV

- The FireStorm Ignition Coil Booster comes in both automobile and motorbike models

Installation:

Turn off the engine and remove the key from the ignition switch before performing any installation work. Locate the advised fuse for your car model and remove that fuse. Insert the Firestorm Ignition Coil Booster's connector into that fuse socket, strictly following the polarity of the input terminal (red wire) and output terminal (black wire) as in the supplied photo for your car model.

RECARO SP GT2 WILD CAT Full Bucket Seat

Brand.....RECARO
 Price.....MYR 650.00
 Type.....SP GT2 WILD CAT

BRIDE SEEKER X FRP VIOS III Full Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 580.00
 Type.....VIOS III
 Material.....FRP(Fiber Glass)
 Colour.....Red Gradiation
 Country Of Manufacture.....Taiwan

Description

BRIDE SEEKER X FRP VIOS III Full Bucket Seat

Description

VIOS III is a next generation Bride bucket seat that features the Low Max seating position system with the unique feature of keeping the driver position central to the steering wheel. In black fabric outer and inner, FRP construction. The fully reinforced frame features extensive side and shoulder bolsters for driver support, while the buckskin leather accents offer additional comfort and aesthetic. The Low Max seating position system allows the driver to sit farther in and lower in the seat, for unmatched levels of holding ability. This seat is equivalent to the ZETA III, with the added features of the Low Max system and offset position. In our pursuit of the perfect racing seat position, Bride has developed the ultimate seat position system called the LOW MAX SYSTEM. Some vehicles have an offset steering wheel to seat position especially when there are clearance restrictions in the conventional system or restrictions caused by specific seat and seat rail designs. The Low Max System achieves the lowest possible setting a seat and seat rail combination can currently offer and have the steering wheel centered to the driver.

Features:

- Black color FRP shell
- Cover of the high-class suede RED tone cloth
- Standard cushion- Universal Railing

BRIDE Style Stradia II Japan Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 700.00
 Type.....STRADIA II
 Material.....FRP(Fiber Glass)
 Colour.....Blue Gradiation
 Country Of Manufacture.....Taiwan

Description

BRIDE Style Stradia II Japan Reclinable FRP Semi Bucket Seat

The STRADIA is Bride's newest racing seat! A hybrid combination of a full bucket and reclinable, the FRP STRADIA Sport is the ultimate seat available. In black outer, with black hyper fabric inner, with shorter side bolsters for easy entry and exit.

Construction:

FRP(Fiber) STRADIA uses the LOW MAX seating system, which allows the driver sit farther back into the seat, for the best holding position. STRADIA is similar to GIAS, with the exception that it uses shorter side bolsters, for a very comfortable ride, and ease in entering and exiting the vehicle. STRADIA is a true full bucket race seat with reclinable options that offer levels of comfort standard bucket seats do not allow. The frame and mounting areas are fully reinforced steel, while the FRP construction keeps the weight of the seat low.

Features:

- Aluminum frame

- Black Fiberglass Shell
- Cover of the high-class suede BLUE tone cloth
- Standard cushion
- Universal Railing

POTENT BOOSTER 6 DRIVE FOR MOST VEHICLE

Brand.....POTENT BOOSTER
 Price.....MYR 750.00
 Country Of Manufacture.....CHINA
 Vehicle Application.....JDM/Continental Vehicle

Description

Potent Booster is an advance throttle remapper plug and play device(No wire cut require) that is attached to the electronic throttle to improve the response of your car. Most car with drive by wire throttle controller will benefit from using this device. Enjoy immediate improvement when you step on your accelerator with is 9 level sport mode for increased throttle response, 9 level racing mode(Full throttle 1:1 respond) for when you want to let loose. Stuck in the traffic jam? Use the 9 level Economic mode instead of decreased throttle response. You can always go back to your stock by using Normal mode. In short this device unleashed the true potential of your engine.

****Note:** This device is increased throttle response DOES NOT INCREASE Horsepower.

Why Potent Booster?- Shortens the response of the electronic throttle Hence Quicker overtaking, Better uphill response.- Improves the electronic throttle sensitivity.- Plug and play without external power supply, this will not occupying the OBD2 Connector.- Suitable for Manual transmission & Auto transmission.

Edelbrock Style Victor X Intake Manifold For MITSUBISHI 4G93 TURBO/NA

Brand.....Induction System
 Price.....MYR 680.00
 Country Of Manufacture.....Taiwan
 Vehicle Application.....MITSUBISHI 4G93 Turbo/NA

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

TODA 4AGE Pulley Set

Price.....MYR 295.00
 Character Family.....TOYOTA COROLLA LEVIN
 Model.....4AGE
 Country of Manufacture.....Taiwan

Description

TODA Racing Pulley Kit For 4AGE

Developed to give lighter and sportier engine characteristic. By reducing the overall weight (and inertia) of the pulleys, and by modifying the alternator pulley ratio to take advantage of the more sporty use, the burden on the engine is reduced helping to improve acceleration performance. A standard length belt is provided. Installing with a new belt is important to help improve the running in process of the new pulleys and these pulleys are red anodized.

- Alternator Pulley
- Power Steering Pulley
- Water Pump Pulley

Works Oil Catch Tank

Brand.....works engineering
 Price.....MYR 250.00
 Country of Manufacture.....Malaysia

Description

OIL CATCH TANK

An oil catch can is used in turbo applications, or high-performance race applications where excessive blow-by (leakage past the piston rings) of air and fuel vapor occurs. This creates a positive pressure in the crankcase. Engine manufacturers have placed a valve on the engine block which releases this pressure. This valve is known as a PCV (Positive Crankcase Ventilation) valve. During engine operation, blow-by gases, as well as oil mist from the rotating components of the engine, pass through the PCV valve and are routed back into the intake for the engine to burn off. However, some of the oil mist and other products settle along the engine intake and over time form a "gunk." The oil catch can collects the oil mist and condenses the fuel vapors while allowing "cleaner" gases to be passed back into the intake.

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advanced automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our ISO9001 and TS16949 certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by SGS.

Groovy sunshades are coated with fireproof resin and will withstand heat up to 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by SGS.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by SGS.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by TUV Rhineland Group).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by OEKO Tex Standard 100.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials are Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

Spoon EG6 Rear Carbon Spoiler

Brand.....Styling Carbon BodyKit

Price.....MYR 850.00

Country of Manufacture.....Taiwan

Description

HONDA CIVIC EG6 Spoon Rear Carbon Spoiler.

- - Made of high quality carbon fiber
- - OEM Style design
- - Gloss finish

Skunk2 Pro-Series Style Intake Manifold For Mitsubishi 4G93 NA/Turbo

Brand.....Induction System
 Price.....MYR 680.00
 Country of Manufacture.....Taiwan

Description

Skunk2 Pro-Series Style Intake Manifold For Mitsubishi 4G93 NA/Turbo

SKUNK2 Style Pro-Series Intake Manifold

Race proven by local mechanic after installed to MITSUBISHI LANCER 4G92/93 few years ago, suitable to Natural Aspiration or Force Induction application.

Slight modification work require on manifold side for a perfect fit installation.

Edelbrock Style Victor X Intake Manifold For B-Series

Brand.....Induction System
 Price.....MYR 650.00
 Country of Manufacture.....Taiwan

Description

VICTOR X INTAKE MANIFOLDS

HONDA B-SERIES MANIFOLDS Optimized for maximum power from 7,000 to 10,000 RPM, the Victor X manifold is designed for turbo and all-motor applications. Engineered for high performance, this manifold has four additional bosses for nitrous or added fuel injectors. Match with the Edelbrock 65mm throttle body for street or our Victor 70 or 75mm throttle bodies for racing application.

Skunk2 Pro-Series Style Intake Manifold For B-Series

Brand.....SKUNK2 Racing
 Price.....MYR 450.00
 Country of Manufacture.....Taiwan

Description

SKUNK2 Style INTAKE MANIFOLD FOR- B-Series B16A, B16B Type R, B18C Type R

Skunk2 Racing Pro-Series Intake Manifold Improves airflow thus increasing horsepower by as much as 8% over stock manifolds on stock engines and even more on modified or forced-induction engines. Skunk2 manifolds significantly increase horsepower between 3000-8800 rpm; the broadest power-band increase in the industry. Our new Pro-Series design features a 22% increase in power over our previous design. Engineered with a larger plenum and tapered runners, Skunk2 manifolds increase and accelerate airflow, and are designed to increase the effects of wave scavenging at the engine's optimum operating RPM range providing overall increase in usable power. Each Runner entry is also modified to balance airflow between cylinders. Oversize throttle bodies can be used as a result of the modified IAC opening on the flange. Like OEM factory manifolds, Skunk2 Manifolds are shell molded and CNC machined, to achieve superior strength, high-quality finish, and a precise fit. Each manifold is vacuum tested to ensure quality and leak free operation. The Skunk2 Pro-Series manifold utilizes all stock sensors and auxiliaries for a simple bolt-on installation that delivers maximum power. Ideal For NA and Forced Induction.

SAMCO Style 12mm Silicone Blanking Cap/Hose Stopper

Brand.....Silicone Hose
 Price.....MYR 10.00
 Scale.....12mm
 Country of Manufacture.....Taiwan

Description

SAMCO Style silicone Blanking Cap/ Hose Stopper Description

- Length: 30mm
- Inside length: 25mm
- Inside diameter: 12mm
- Wall size: 3mm
- Material: Silicone
- Color: Blue

Application

- BOV pipes
- Intake Pipes
- Oil Breather tank / Oil Catch can plug
- Radiator reservoir tank plug
- Radiator blanking plug
- Intercooler Pipes
- Boost controller plug
- Other Industrial applications

SAMCO Style 15mm Silicone Blanking Cap/Hose Stopper

Brand.....Silicone Hose
 Price.....MYR 10.00
 Scale.....15mm
 Country of Manufacture.....Taiwan

Description

SAMCO Style silicone Blanking Cap/ Hose Stopper

Description

- Length: 35mm
- Inside length: 31mm
- Inside diameter: 15mm
- Wall size: 4mm
- Material: Silicone
- Color: Blue

Application

- BOV pipes
- Intake Pipes
- Oil Breather tank / Oil Catch can plug
- Radiator reservoir tank plug
- Radiator blanking plug
- Intercooler Pipes
- Boost controller plug
- Other Industrial applications

SAMCO Style 4mm Silicone Blanking Cap/Hose Stopper

Brand.....Silicone Hose
 Price.....MYR 8.00
 Scale.....4mm
 Country of Manufacture.....Taiwan

Description

SAMCO Style silicone Blanking Cap/ Hose Stopper

Description

- Length: 23mm
- Inside length: 20mm
- Inside diameter: 4mm
- Wall size: 3mm

SAMCO Style "U" Shape Bypass Hose For PROTON 12V

Brand.....Silicone Hose
 Price.....MYR 40.00
 Make.....PROTON
 Type.....SAGA 12V
 Model.....4G13, 4G15
 Country of Manufacture.....Taiwan

Description

SAMCO Style "U" Shape Bypass Water Hose.

- Inner Diameter 15mm
- Length 100mm
- 3 Layer Thickness
- Up To 220 Degree Celsius
- Suite to all 12V Mega Valve

SAMCO Style "U" Shape Bypass Hose For HONDA B-Series

Brand.....Silicone Hose
 Price.....MYR 70.00
 Make.....HONDA
 Type.....B-Series
 Model.....B16,B18, B20

Description

SAMCO Style "U" Shape Bypass Water Hose.

- Inner Diameter 15mm
- Length 100mm
- 4 Layer Thickness
- Up To 220 Degree Celsius
- Suitable to all B-Series

SAMCO Style Intercooler Straight Reducer Coupling Hose

Brand.....Silicone Hose
 Price.....MYR 110.00
 Scale.....102mm-89mm
 Country of Manufacture.....Taiwan

Description

SAMCO Style Intercooler Straight Reducer Coupling Hose.

- Inner Diameter 102mm-89mm
- Length 76mm
- 4 Layer Thickness
- Up To 220 Degree Celsius

SAMCO Style Intercooler Straight Reducer Coupling Hose

Brand.....Silicone Hose
 Price.....MYR 85.00
 Scale.....95mm-76mm
 Country of Manufacture.....Taiwan

Description

SAMCO Style Intercooler Straight Reducer Coupling Hose.

- Inner Diameter 95mm-76mm

Groovy Custom Fit Sunshades For Most Vehicle

Brand.....Groovy
 Country of Manufacture.....Taiwan

Description

GROOVY CUSTOM FIT SUNSHADES

BUY GENUINE ONLY

****We do not go by any other brand name other than Groovy. We pride ourselves on using high quality, certified materials and we adhere to responsible manufacturing practices. Unfortunately, there are counterfeit and potentially dangerous copies of our Groovy Sunshades in the market that do not adhere to responsible manufacturing practices.**

We strongly urge you to obtain genuine Groovy (Patented & Patent Pending) Sunshades and educate yourself on how to purchase authorized products and how to avoid counter-fits that could potentially cause harm.

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Know what you put in your vehicle.**

GROOVY SNAP-ON MAGNET SUNSHADES

Introducing the world's first foldable magnet sunshade with Snap-On Magnet Clips.

Rear, Front Windscreen & Panoramic Roof Sunshades

Available now for coupe, sedan, SUV and MPV vehicles.

PERFECT FITMENT

Groovy Sunshades are designed with the latest and most advance

automotive grade equipment's available today to ensure all of our products meet the highest standards in quality.

UKAS Management System & ISO Certified

Groovy sunshades are all made in our **ISO9001** and **TS16949** certified factory in Taiwan with the support of 4 research and development centers around the world. All Groovy sunshades are manufactured to meet Original Equipment (OE) Standards. Attention to quality and safety begins at the design stage and continues throughout the entire manufacturing process.

SGS Certified

Groovy sunshades are free from toxic heavy metals such as Cadmium (Cd), Lead (Pb) and Mercury (Hg). Such heavy metals are usually found in ink dyes and paint. All Groovy sunshades are certified free from toxic heavy metals by **SGS**.

Groovy sunshades are coated with fireproof resin and will withstand heat up 250 degrees Celsius. Registered melting point at 254 degrees Celsius. Calorimetry test conducted by **SGS**.

Our sunshades are also able to withstand freezing temperatures at minus 50 degrees Celsius. Brittleness temperature test conducted by **SGS**.

Ultraviolet (UV) Protection

Made with 100% high quality OEM materials, our sunshades offer good UV and glare protection. Ultraviolet blocking at 67% (UV transmission test conducted by **TUV Rhineland Group**).

Heat and UV-Ray exposure in cars can accelerate chemical breakdowns in materials. Groovy sunshades are tested for harmful substances. Our products are free from illegal substances and we are certified by **OEKO Tex Standard 100**.

Collapsible

Sunshades are removable and collapsible, folding into a compact size for easy storage when not in use

Easy, Clean Installation

Simple installation, just clean and attach clips to window frame with provided 3M double-sided tape. No drilling required

Window Friendly

Our sunshades are attached to the window frame, therefore it does not interfere with window operation

Clear Visibility

For safety and comfort, our sunshade does not impair visibility in daylight

FAQ:

Q: Are Groovy sun shades legal?

A: Yes they are, as written in The Star (Metro 27 September 2012).

Q: What materials is Groovy sun shades made?

A: Groovy sun shades are made from high quality OEM materials. Groovy sun shade mesh fabric used is many times thicker and more durable than a typical cheap generic sun shade. Handled well, it will last the lifetime of your vehicle.

Q: Can my window be used when Groovy sun shade is in place?

A: Yes, Groovy sun shades are perfectly fine to be used with the windows down, ensuring that you still get some protection from the sun while having a breath of fresh air.

Q: I already have an expensive tint installed, will Groovy sun shades help?

A: Yes, Groovy sun shades will make your vehicle more comfortable by further reducing heat and blocking out glare from sunlight. The sun shades are also certified to block out 67% of ultraviolet radiation as tested by TÜV Rheinland. If your vehicle is parked under the sun, Groovy sun shades will lower the temperature inside the vehicle slightly as well as

allow your air conditioning to work more efficiently to cool the cabin quicker.

Q: How do I store Groovy sun shades?

A: While most people will not remove them once installed, Groovy sun shades can easily be removed and folded to a more compact size. A high quality nylon bag will be provided for storage of the collapsed shades.

Q: Do you have sun shades for the rear window?

A: Right now, we do not have sun shades for the rear window. However, we might manufacture the rear sun shades in the future. Do check this website from time to time if you are interested in the rear sun shades.

Q: My vehicle model is not listed?

A: Firstly, we apologize if your vehicle is not yet supported by Groovy sun shades. Do drop us an e-mail with your vehicle make and model and we will see what we can do. Also, do check this website from time to time as we are constantly updating our product portfolio with more and more vehicle makes and models.

Q: What is the warranty on Groovy sun shades?

A: While each Groovy sun shade is meticulously checked to ensure that it is free of defect, we will provide warranty in the case that your Groovy sun shade arrives with manufacturer defect. There is no warranty for wear and tear or mishandling of the sun shade.

BRIDE Style Stradia II Japan VENUS Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 900.00
 Type.....Stradia II Venus
 Material.....FRP(FiberGlass)
 Colour.....Red Gradation
 Country of Manufacture.....Taiwan

Description

This version features premium Suede finish and low impact, premium quality feel with BRIDE Japan stitching. The seat back on this model is a unique aluminium weave reinforced black gel coat. The seat is based around a Aluminium reinforced FRP monocoque shell, with a reclinable centre mechanism made from lightweight Aluminium. The Low Max system is also integrated into this seat to allow for the lowest slung seating position possible. This seat utilises a full bucket design, but unlike some of the other models, has a less intrusive head support for comfort and good visibility during everyday use. Special High Support Foam is used which provides equal weight distribution throughout the racing seat padding. This means at high speeds, the forces felt as the driver are reduced. The only difference between these seats and the Gias seats are the lower leg side supports. A split knee support cushion is utilized for extra flexibility.

Features:

- Aluminum frame
- Venus color FRP shell
- Cover of the high-class suede tone cloth Red
- Standard cushion
- Universal Railing

BRIDE Style Stradia II Japan Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 950.00
 Type.....Stradia II

BRIDE Style VIOS III Japan Full Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 600.00
 Type.....VIOS III
 Colour.....Black Gradation
 Metarial.....FRP(Fiberglass)
 Country of Manufacture.....Taiwan

Description

Description
 VIOS III is a next generation Bride bucket seat that features the Low Max seating position system with the unique feature of keeping the driver position central to the steering wheel. In black fabric outer and inner, FRP construction. The fully reinforced frame features extensive side and shoulder bolsters for driver support, while the buckskin leather accents offer additional comfort and aesthetic. The Low Max seating position system allows the driver to sit farther in and lower in the seat, for unmatched levels of holding ability. This seat is equivalent to the ZETA III, with the added features of the Low Max system and offset position. In our pursuit of the perfect racing seat position, Bride has developed the ultimate seat position system called the LOW MAX SYSTEM. Some vehicles have an offset steering wheel to seat position especially when there are clearance restrictions in the conventional system or restrictions caused by specific seat and seat rail designs. The Low Max System achieves the lowest possible setting a seat and seat rail combination can currently offer and have the steering wheel centered to the driver.

- Features:
 - Aluminum frame
 - Black color FRP shell
 - Cover of the high-class suede tone cloth Black
 - Standard cushion
 - Universal Railing

BC Racing BR Series Absorber for TOYOTA Corolla AE101/111

Brand.....BC Racing
 Price.....MYR 3,300.00
 Type.....BR-RA
 Series.....BR Series
 Country of Manufacture.....Taiwan

Description

BC Racing BR Series Absorber for TOYOTA Corolla AE101/111

BC RACING BR Series Coilover :

The BR series coilovers use a large 46mm diameter piston in a 53mm diameter damper body to maximise oil capacity. As the damper unit operates the oil contained within heats up. The viscosity of oil changes as its temperature varies which can lead to changes in the damping characteristics of the unit. BC Racing only use a very high quality oil with their coilovers but go that extra mile to maximise performance and build their BR range with a large 53mm diameter damper body. This increases the capacity of the unit which increases the volume of oil contained which in turn reduces the peak temperature and so significantly improves damper performance.

Quick Overview:

- For Street and Circuit Use
- Front : Pillowball Top Mount
- Rear : Rubber Top Mount or No Top Mount
- Sku : E036

Feature:

- F : With Pillowball Top Mount
- R : With (or without) Rubber Top Mount
- 30-level Damping Force Adjustment
- Enlarged cylinder and newly developed piston- Full Length Adjustable
- Monotube Design for Maximum Performance
- Available for Overhaul

BLITZ Style Racing Aluminium Radiator For MITSUBISHI LANCER EVOLUTION 123/WIRA Turbo

Brand.....BLITZ
 Price.....MYR 350.00
 Type.....ZS
 Series.....Racing Radiator
 Core Size.....375mm x 658mm x 42mm
 Model.....Mitsubishi Lancer EVO 123/ WIRA TURBO
 Country of Manufacture.....Taiwan

Description

Blitz Racing Radiator Type ZS are impressively low priced with a new core design and manufacturing process designed to provide maximum cooling efficiency to prevent premature engine failure.

Blitz Racing Radiators Type ZS use a 42mm core made from light-weight, high-heat transferring aluminum – featuring a tube-fin design that dramatically increases surface area to enable heat to dissipate more efficiently.

Radiator ZS comes complete with polished upper/lower end tanks, Blitz radiator cap, temperature sensor port and an anodized aluminum drain bolt.

Blitz Racing Radiators Type ZS are aesthetically appealing and a direct bolt-on application.

BRIDE Style Gias II Japan FRP Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
Price.....MYR 650.00
Type.....Gias 2
Material.....FRP(Fiberglass)

Colour.....Black Gradation
 Country of Manufacture.....Taiwan

Description

Similar to the Stradia in shape but with larger bolsters for enhanced support and hold. New on the Gias II is the one-touch reclining mechanism with 40 positions for fine-tuning. This new species is armed with a reclining mechanism and the Low Max system. The BRIDE Gias's tough frame was engineered using a super monocoque shell made from Carbon-Aramid and uses an all aluminum frame to increase rigidity for weight reduction. The ultimate super low position BRIDE Low Max system is combined with a reclining mechanism. World-renowned professional racecar driver Keiichi Tsuchiya has only high praises for the battle capability and holding performance of the BRIDE Super Seat. The enhanced design is based on the idea that a high performance street car can also be used for the track, thus improving the versatility of the seat.

Features:

- Aluminum frame
- Black FRP Shell
- Cover of the high-class suede tone cloth Black
- Standard cushion
- Universal Railing

BRIDE Style Stradia II Japan CF Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 980.00
 Type.....Stradia II
 Material.....Carbon Fiber(CF)
 Colour.....Red Gradation
 Country of Manufacture.....Taiwan

Description

The STRADIA is Bride's newest racing seat! A hybrid combination of a full bucket and reclinable, the Carbon Fiber STRADIA Sport is the ultimate seat available. In black outer, with black hyper fabric inner, with shorter side bolsters for easy entry and exit.

Construction:

Carbon Fiber(CF) STRADIA uses the LOW MAX seating system, which allows the driver sit farther back into the seat, for the best holding position. STRADIA is similar to GIAS, with the exception that it uses shorter side bolsters, for a very comfortable ride, and ease in entering and exiting the vehicle. STRADIA is a true full bucket race seat with reclinable options that offer levels of comfort standard bucket seats do not allow. The frame and mounting areas are fully reinforced steel, while the CF construction keeps the weight of the seat low.

Features:

- Aluminum frame
- Black Carbon Fiber Shell
- Cover of the high-class suede tone cloth RED
- Standard cushion / low cushion
- Universal Railing

STRADIA is similar to GIAS, with the exception that it uses shorter side bolsters, for a very comfortable ride, and ease in entering and exiting the vehicle. STRADIA is a true full bucket race seat with reclinable options that offer levels of comfort standard bucket seats do not allow. The frame and mounting areas are fully reinforced steel, while the KV construction keeps the weight of the seat low.

Features:

- Aluminum frame
- Yellow Kevlar Shell
- Cover of the high-class suede tone cloth RED
- Standard cushion / low cushion
- Universal Railing

BRIDE Style Stradia II Japan VENUS Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 800.00
 Type.....Stradia II Venus
 Material.....FRP(Fiber Glass)
 Colour.....Black Gradation
 Country of Manufacture.....Taiwan

Description

This version features premium Suede finish and low impact, premium quality feel with BRIDE Japan stitching. The seat back on this model is a unique aluminium weave reinforced black gel coat. The seat is based around a Aluminium reinforced FRP monocoque shell, with a reclinable centre mechanism made from lightweight Aluminium. The Low Max system is also integrated into this seat to allow for the lowest slung seating position possible. This seat utilises a full bucket design, but unlike some of the other models, has a less intrusive head support for comfort and good visibility during everyday use. Special High Support Foam is used which provides equal weight distribution throughout the racing seat padding. This means at high speeds, the forces felt as the driver are reduced. The only difference between these seats and the Gias seats are the lower leg side supports. A split knee support cushion is utilized for extra flexibility.

Features:

- Aluminum frame
- venus color FRP shell
- Cover of the high-class suede tone cloth Black
- Standard cushion / low cushion
- Universal Railing

BRIDE Style CUGA FRP Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 700.00
 Type.....CUGA
 Colour.....Black Gradation
 Material.....FRP(Fiber Glass)
 Country of Manufacture.....Taiwan

Description

This seat is a snug fitting, touring seat with a reclining back. This seat has excellent lateral support with low side bolsters and a low profile design. Perfect for tight spaces and minimal height applications. Standard features include shoulder & kidney support, high wear patches, and injection-molded foam. The upper bolsters are wrapped in a wear resistant suede like material as shown in the picture below. The embroidery on these seats is top notch. The backs are FRP painted black. The quality and fit and finish of the seats is great!

Features:

- Aluminum frame
- FRP shell
- Cover of the high-class suede tone cloth Black
- Standard cushion / low cushion
- Universal Railing

BRIDE Style CUGA Kevlar Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 980.00
 Type.....CUGA
 Colour.....Red Gradation
 Metarial.....Yellow Kevlar
 Country of Manufacture.....Taiwan

BLITZ Style Racing Aluminium Radiator For HONDA Civic All B-Series

Brand.....BLITZ

PriceMYR 330.00
 Type.....ZS
 Country of Manufacture.....Taiwan
 Series.....Racing Radiator
 Model.....HONDA CIVIC B-SERIES
 Core Size.....350mm x 348mm x 42mm

Description

Blitz Racing Radiator Type ZS are impressively low priced with a new core design and manufacturing process designed to provide maximum cooling efficiency to prevent premature engine failure.

Blitz Racing Radiators Type ZS use a 42mm core made from light-weight, high-heat transferring aluminum – featuring a tube-fin design that dramatically increases surface area to enable heat to dissipate more efficiently.

Radiator ZS comes complete with polished upper/lower end tanks, Blitz radiator cap, temperature sensor port and an anodized aluminum drain bolt.

Blitz Racing Radiators Type ZS are aesthetically appealing and a direct bolt-on application.

BLITZ Racing Radiator Type ZS for
 - HONDA Civic B-Series.

Description

- Dual Core
- Core Size: 350mm x 348mm x 42mm
- 1.3kg/cm Radiator Cap

BRIDE Style Stradia II Japan Reclinable Semi Bucket Seat

Brand.....Bride Style Racing Seat
 Price.....MYR 650.00
 Type.....Stradia II
 Material.....FRP(Fiber Glass)
 Colour.....Black Gradation
 Country of Manufacture.....Taiwan

Description

BRIDE Style Stradia II Japan Reclinable FRP Semi Bucket Seat

The STRADIA is Bride's newest racing seat! A hybrid combination of a full bucket and reclinable, the FRP STRADIA Sport is the ultimate seat available. In black outer, with black hyper fabric inner, with shorter side bolsters for easy entry and exit.

Construction:

FRP(Fiber) STRADIA uses the LOW MAX seating system, which allows the driver sit farther back into the seat, for the best holding position. STRADIA is similar to GIAS, with the exception that it uses shorter side bolsters, for a very comfortable ride, and ease in entering and exiting the vehicle. STRADIA is a true full bucket race seat with reclinable options that offer levels of comfort standard bucket seats do not allow. The frame and mounting areas are fully reinforced steel, while the FRP construction keeps the weight of the seat low.

Features:

- Aluminum frame
- Black Fiberglass Shell
- Cover of the high-class suede tone cloth BLACK
- Standard cushion / low cushion
- Universal Railing

Shadow E-Drive Advance 2 Electronic Throttle Controller For Toyota Vios '06~

Brand.....SHADOW AUTO
 Price.....MYR 320.00
 Brand.....SHADOW AUTO
 Type.....e-Drive Advance 2
 Year.....2006~2009
 Model.....TOYOTA VIOS
 Country of Manufacture.....TAIWAN
 IMPORTANT NOTE.....
 Price May Vary Depend On Vehicle Application

Description

Technical information

Preset voltage: 12 V
 Preset current: 20mA/0.25W

FEATURES

- Po mode: suitable for mountain & racing in very sensitive throttling.
- Ec mode: suitable for driving in city within economic fuel consumption.
- 3 modes in 17 steps: (Po 9 steps, nor single step, Ec 7 steps).
- Easy installation: by using special purpose connector to finish in 3 mins.
- Installation video: <http://youtu.be/xoQ02hmaHBsEasy>
- setup: applicable to most car model. Audi / Benz / BMW / Camero / Ford / Mazda / Suzuki / Isuzu / Honda / Toyota / Proton / Scion / Subaru / VW / Porsche / Volvo / Luxgen / Land Rover / Mitsubishi / Nissan / Hyundai / Kia / Renault / SAAB / Smart / SEAT / Fiat / Chevorlet / Infiniti / Alfa Romeo / Acura / Lexus / Opel

Honda Integra DC5/CR-V RD4 Rear Lower Arm

Brand.....HARDRACE
 Price.....MYR 400.00
 Brand.....HARDRACE
 Model.....HR-6884
 Type.....Integra DC5R, 2nd RD4/5/7
 Country of Manufacture.....Taiwan

Description

Control arm or wishbone is a roughly triangular suspension part, which pivots in two places. The broad end of the triangle attaches at the frame and pivots on a bushing. The narrow end attaches to the steering knuckle and pivots on a ball joint. HARDRACE Control arm made with hardened steel and compound with hard rubber bushing or pillow ball bushing. A good control arm can regulate the movement of front wheels quickly each time you turn or corner. That way, your wheels can move without the risk of over steering.

Honda Civic EG Front Adjustable Camber Kit

Brand.....HARDRACE
 Price.....MYR 480.00
 Brand.....HARDRACE
 Type.....5th EG, EH, EJ1/2
 Model.....HR-6329
 Note.....2PCS/SET No Bushing

Description

HARDRACE Camber kit made chassis alignment more accurate, the arm of camber kit series include elevation angle, inclination angle and beam angle products, etc. HARDRACE camber kit reduces tire wear and increase tire durable. Made with harden rubber bushing, provide

advanced stability and accurate response steering, especially during high speed driving and cornering.

Honda CIVIC EK Front Adjustable Camber Kit

Brand.....HARDRACE
 Price.....MYR 550.00
 Brand.....HARDRACE
 Model.....HR-6204
 Country of Manufacture.....Taiwan
 Type.....6th EK3/4/5/9, EJ6/7/8/9, EM1
 Note.....Harden Rubber Equipped. 2PCS/SET

Description

HARDRACE camber kit reduces tire wear and increase tire durable. Made with harden rubber bushing, provide advanced stability and accurate response steering, especially during high speed driving and cornering.

Honda CIVIC B-Series Ultra Race Series Intake Manifold

Brand.....SKUNK2 Racing
 Brand.....SKUNK2
 Series.....Ultra Race Series
 Country of Manufacture.....Northern California

Description

The engineers at Skunk2 Racing have worked tirelessly to develop the next generation of high performance intake manifolds and are proud to announce the release of the much anticipated Ultra Series Intake Manifold. Years of R&D have culminated in a multi-piece cast aluminum intake manifold that offers advantages that only a modular design could allow. Building upon the performance legacy of our Pro Series Intake Manifold, as well as using the latest in CFD (Computational Fluid Dynamics) software; Skunk2 Racing has created a three-piece modular design that allows for easy disassembly, porting, and plenum volume changes through the use of a removable plenum and optional plenum spacers. In addition to CFD testing, the Ultra Series Intake Manifold has undergone extensive in-house dyno and on-car testing which has led to a design that is less restrictive, yielding both torque and power gains well over many of the competitors. Ultra Series Intake Manifolds are made from high-grade 356 aluminum alloy for a strong and lightweight design, CNC-machined for a precise fit, and individually inspected for quality assurance. The large 90mm throttle body opening, 87mm velocity stacks, and hi-velocity intake runners with smooth transitions allow the Ultra Series Manifold to outflow the competition. Designed to be used with built, high-horsepower naturally aspirated or forced induction setups, the Skunk2 Ultra Series Intake Manifold helps provide a new level affordable high-end intake technology to the marketplace.

Product Description

FEATURES:

- Hi-Grade Mounting Hardware
- 1.82L Plenum Volume
- 8.72" Long Runners with Raised Velocity Stacks- Plenty of Material to Port
- Unique Mounting Flange Universally Fits All B Series VTEC Heads
- 74mm Throttle Body Opening
- Includes Thermal Manifold Flange Gasket
- Generously Cast Runner Walls for Porting
- Fits ALL Popular Chassis Configurations
- Not Just Race Cars

Part Number Fits:

- Acura B17A1
- Acura B18A1, B1, C1, C5
- Honda B16A2, A3

- Honda B20B, Z

NOTE: Will NOT work with factory throttle body. A minimum of 68mm throttle body is required.

Suspension Part

Brand.....BC-Racing Coilover
 Brand.....BC-RACING
 Type.....BR Type
 Series.....RA Series
 Country of Manufacture.....Taiwan

Description

BC RACING BR Series Coilover :

The BR series coilovers use a large 46mm diameter piston in a 53mm diameter damper body to maximise oil capacity. As the damper unit operates the oil contained within heats up. The viscosity of oil changes as its temperature varies which can lead to changes in the damping characteristics of the unit. BC Racing only use a very high quality oil with their coilovers but go that extra mile to maximise performance and build their BR range with a large 53mm diameter damper body. This increases the capacity of the unit which increases the volume of oil contained which in turn reduces the peak temperature and so significantly improves damper performance.

Product Quick View:

For Street and Circuit Use

- Front : Pillowball Top Mount
- Rear : Rubber Top Mount or No Top Mount
- Sku : E036

Feature:

- F : With Pillowball Top Mount
- R : With (or without) Rubber Top Mount
- 30-level Damping Force Adjustment
- Enlarged cylinder and newly developed piston
- Full Length Adjustable
- Monotube Design for Maximum Performance
- Available for Overhaul

Suspension Part

Brand.....BC-Racing Coilover
 Brand.....BC-RACING
 Type.....V1 Design
 Country of Manufacture.....Taiwan
 Series.....VN Series

Description

Feature

- F : Without Top Mount
- R : Without Top Mount
- 30-level Damping Force Adjustment
- Full Length Adjustable
- Various Spring Rates Available
- One Year Limited Warranty
- Available for Overhaul

Suspension Part

Brand.....HARDRACE
 Country of Manufacture.....Taiwan
