### Description

#### **Dr. Orizi Miracle Oil (Day - SPF6) Miracle Oil (Day - SPF6)**

Good for Oily Skin, Dry Skin, Normal Skin and Sensitive Skin

#### **Introduction:**

From the ancient to the present, the precious oil has been seen as a luxury skin care products. The world of skin care products, more than 90% use oil as their preparation. Including baby oil, massage oil, cleansing oil, soap, cleanser, cream, essence, etc. However, in those skin care products, 80% of them are using very low grade oil, including harmful mineral oil (from petroleum), contaminated waste oil, full of impurities used oil and etc. Due to this, the people luxury and precious care products disappear.

In order to let the public can enjoy the luxury and precious skin care products, Dr.Orizi used precious oil and golden recipe to formulate 'Miracle Oil'. Its great benefits to the skin, is not comparable to general skin care products. This is human's best skin care products given by nature!

Apart from the precious oil, 'Miracle Oil' specially added vitamin E, good for skin reparation and protection effect. The benefits of vitamin E on the skin, is indisputable.

#### **Benefits / Applications:**

1. Rejuvenating Skin / Attenuates Aged Skin such as Wrinkles, Fine Lines, Pigment and Age Spots

'Miracle Oil' contains high amount of Vitamin E and many other natural minerals. Vitamin E is well known for promoting healthy and clear skin, helps to delay the effects of skin aging, assists with cell regeneration, and promotes collagen and elastic levels to increase. 'Miracle Oil' is a potent antioxidant. In the tissues beneath the skin, it will neutralize oxygen radicals and protects you from the damaging effects of free radicals, which is believed to contribute or cause aging effect and various chronic diseases like cancer. Instead of sitting on top of the skin, 'Miracle Oil' penetrates into the skin quickly and easily absorbed, this will inhibits the formation of fine lines and wrinkles, regulates moisture and maintains skin elasticity and resilience. Along with vitamin C, 'Miracle Oil' is able to help the skin with the production of collagen and lightening the dark circles around the eyes.

2. Release from Burns / Sun Damage /Mild Scrapes Cuts and Abrasions  
'Miracle Oil' reduces and minimized the redness and blemishes of the skin. In vitro, it has inhibited the growth of malignant melanoma (a skin cancer). Under the damage of sunlight, cutaneous signs such as surface wrinkles, brown spots, and active keratosis will damage our skin. Apply 'Miracle Oil' for a period, skin presented a smooth and fresh aspect and the spots started to fade until almost disappeared.

3. Flatten and Softens Scars (Surgical and Traumatic Dermal Scars, Old Scars Left by Acne or Chickenpox) 'Miracle Oil' improves the texture and quality of skin by increasing its elasticity. Its effect, more than to flatten out hypertrophic and hyperplastic scars (raised and bulky scars), is to improve the colour of the scars and of the skin in the affected area. In particular, it is rich in linoleic and linolenic acids, which are important skin nutrients. Improves surgical and accidental scars, restores normal skin color (reduces redness or hyper pigmentation). It also avoids the formation of the keloid type of scar (lump) which may appear after surgical procedures and helps to make less apparent old scars left by acne or chickenpox.

4. Stretch Marks and Multiple Sclerosis (for Pregnancy Women, Body Builder and Overweight body) Stretch marks are scars caused by damage to the elastic fibers that help skin to stretch. The more elastic your skin is, the less likelihood you will get stretch marks. As the skin stretches, elastic fibers in the skin may break down causing skin damage, creating stretch marks. Stretch mark will develop during the second half of pregnancy to accommodate a growing baby, body builders who have 'pumped up' too quickly and have stretch marks from overstretched muscles, overweight person and some women also get them on the hips, breasts, and buttocks. With the help of Vitamin A, E, C and other precious nutrients in 'Miracle Oil', it will improve the elastic of the skin, flatten the stretch marks.

5. Natural Moisturizer 'Miracle Oil' serves as an excellent moisturizing agent with exceptional spread. The lubrication properties leave a rich velvety non-oily feel on the skin, while retarding water loss and enhancing the flexibility and suppleness of the skin. It is a superb tissue hydrator with a high absorbing level, penetrating dry skin almost instantly to restore a much needed moisture balance frequently lost by climatic and environmental conditions such as dryness and air toxicity.

6. Superior Hair and Scalp Care 'Miracle Oil (Night)' is an extremely functional ingredient in hair and scalp preparations and many scalp related problems are caused by a hardened build-up of sebum that clogs the hair follicles and may cause some types of scaling. If this hardened build-up is not removed, it can eventually obstruct the hair follicle's ability to function properly, which can lead to a loss of the hair shaft, and ultimately, death of the follicle. 'Miracle Oils' rapidly penetrates down to the scalp and hair shaft, and readily loosens and dissolves this hardened build-up. The scalp and hair follicles are left clean and free to continue their normal function. It is also an excellent soil-dissolving agent, which can remove sticky build-up on the hair from many modern hair preparations, as well as airborne particulates. 'Miracle Oil' will leave the hair clean and supple. It exhibits a matchless keratoplastic effect that leaves the hair shimmering and brings out the hair's natural color overtones and brilliance, and a periodic treatment with 'Miracle oil', massaged into the scalp and hair, and then left to do its work, can make a vast difference to the quality of your hair as well as the health of your scalp. Besides, its antibacterial nutrient will kill lice infestations and dandruff causing bacteria.

7. Natural Antiviral and Antibacterial Agent Most bacteria including pseudomonas aeruginosus, staphylococcus aureus and the fungus candida albicans cannot reproduce and die when they come into contact with 'Miracle Oil'. In fact, it is so antibacterial that it can be used as a fungicide to control mildew, common skin pathogens, vaginal yeast infections and common skin fungi, such as athlete's foot fungus. It is naturally antiviral and anti-inflammatory agent.

8. Balances Combination 'T-Zone' Skin, Help Acne and Rosacea As many people, you could be surprised that any oil is used for acne treatment, thinking that oils will clog your pores and make the acne condition worse. People have learned, wrongly, that all oil is bad for their facial skin. Heavy oils and toxic oils and creams are bad for all facial skin, but not natural oils like 'Miracle Oils'. Actually, using it on already oily skins won't clog the pores further and worsen acne, due to the unique properties of 'Miracle Oil', the contrary effect will happen meaning it will break the sebum which is clogging the pores instead, resulting in the unblocking of your skin pores. 'Miracle Oil' is great for acne. Acne is formed by the combination of bacteria contact with oil secretions on the skin. This is where 'Miracle Oil' comes into play. 'Miracle Oil' has anti-bacteria and fungicidal action which can help prevent the formation of acne. It can also reduce sebum production in hyper-oily skins. How can 'Miracle Oil' regulate sebum buildup? Well, 'miracle oil' structure is similar with the human sebum, it simply manages to trick your body and make it think it's actually sebum. When this happens, your sebaceous glands will tend to produce less oil since they think your skin already has enough of it.

9. Helps in Dry Skin Ailment like Eczema, Psoriasis, Hand Eczema (KTPP) and Atopic Dermatitis Traditionally people use natural oil to treat dry skin ailments like eczema, psoriasis, hand eczema (KTPP), atopic dermatitis and etc. 'Miracle Oil' is easily absorbed into deep tissue, and with its

wonderfully emollient properties, it is more effective than lanolin and great for severely dry skin, uncomfortable skin rashes, dryness and itching of psoriasis and eczema.

10. Use as Baby Oil / Massage Oil / Protection Barrier 'Miracle Oil' when used in infant massage, it helps to calm babies and lull them to sleep and improves growth of the brain and the nervous system. Besides, used on baby skin, particularly in the area covered by a diaper, 'Miracle Oil' will protect the tender skin against rash caused by the acidity of body wastes. In the nose and ears, it will protect against common skin pathogens. Various constituents present in the 'Miracle Oil' have anti-oxidant and anti-depressant properties, it is popular used in body massage and treatment. Besides, it works as natural protection barrier for skin to protect the skin from the effects of chlorine in swimming pool water. Used before and after radiation treatments, 'Miracle Oil' helps neutralize the flood of oxygen radicals which such treatment inevitably causes.

11. Natural Makeup Remover This is the best natural makeup remover ever! 'Miracle Oil (Night)' will take off eye and face makeup, toxins from the skin and clogged pores fabulously. While removing the makeup and cleansing the pores, it makes your skin really soft and works as moisturizer.

12. Alleviating and Nourishing Chapped Lips and brittle Nails Precious nutrients in the 'Miracle Oil' help alleviating chapped lips and nourishing nails. It is an excellent moisturizer and protector for nails and lips. Use it wisely as lip balm to prevent dried lips.

#### **Blended With Precious Ingredients:**

Vitamin E, Rosehip Seed Oil, Evening Primrose Oil, Camellia Oil, Extra Virgin Olive Oil, Avocado Oil, Extra Virgin Coconut Oil, Sweet Almond Oil, Sunflower Oil, Calendula Flower, Rosemary Essential Oil, Sweet Orange Essential Oil

## Natural Plant Fiber Konjac Water Sponge

Category.....Accessory  
Brand.....DR. ORIZI  
Product Code.....Natural Plant Fiber Konjac Water Sponge  
Availability.....In Stock  
Sponge Color - White.....RM19.90  
Sponge Color - Black.....RM30.00

### Description

#### **Natural Plant Fiber Konjac Water Sponge**

100% Natural Plant Fiber Konjac Water Sponge Konjac water sponge,  
gentle to your skin like water! It can clean clogged pores without harming  
your skin,. Moistures, gentle massages and exfoliates your skin, make  
your skin younger, healthier and more beauty!

#### **Benefit:-**

- Strong water absorption power, extremely soft & gentle, won't pull & damage the skin.
- Weakly alkaline, automatically decomposition dirt on the skin. Using pure physic principle exfoliate, wont hurt the skin.
- Bubbling power 10 times stronger than the normal sponge, greatly save soap & cleanser.
- Unique design; can clean alae of nose, narrow area, which hardly reaches by using hand, easily. Elastic; easily clean skin convex & concave parts by follow skin lines.
