BROTHER

**Description**

The new and improved Brother Innov-Is 700E II embroidery machine with large 18cm x 13cm embroidery area has 136 built in designs for you to choose from so you can customise your projects and personalise them too with 6 different styles of lettering. Your design options do not stop there, the machine is compatible with Brother's optional embroidery card library that contains many different design themes. If you have even more project vision why not exercise your own creative mind and with Brother's optional PE Design Software create your own designs to customise your project exactly how you want. Designs can be created from scratch, or converted from many different PC graphic formats and then save to a memory card to transfer them to your machine to sew off.

- Embroidery speed up to 650 stitches per minute
- On screen editing, size, rotation, mirror & direction
- Compatible with embroidery card library & PE-Design software
- Advanced needle threader
- Built in thread cutter
- Large embroidery area 18cm by 13cm
- 136 built in embroidery patterns
- Combine 10 different outline frames with 12 different borders

### Juki MO-50e

**Brand:** JUKI  
**Description:**

- This serger has top-quality features found in more expensive machines, such as automatic lower looper threader, built-in rolled hemming, and differential feed and calibrated knife adjustment.
- Easy to use, too! It's a breeze to thread, features adjustable stitch length, includes a built-in accessory tray, and has a trimmings waste container.
- Dimensions: 11.5L x 11.5W x 11.4H inches.
Juki HZL-12Z

Brand: JUKI

Description
- Automatic needle threader;
- Simply lower the lever and turn it back and forth.
- Large and easy-to-use stitch selection dial and reverse feed lever
- Stitch patterns can be selected by the large, easy to operate dial
- The reverse feed lever is also conveniently larger for simple operation

Juki HZL-353ZR-A

Brand: JUKI

Description

JUKI Electric Sewing Machine
Model: HZL-353ZR-A
Electric Sewing Machine with 21-Stitch Patterns including Automatic 1-step Buttonhole.

The automatic needle threader easily thread the needle without eyestrain and allows you to start sewing quickly. You can lower the feed dog for sewing button or free motion quilting by simply moving the lever. Brightens the needle entry area. LED light will not heat up even during long operation. By placing button on the buttonholes foot, the machines conveniently sews buttonholes automatically according to the size of the button. Presser foot pressure can be adjusted for better sewing results according to the type of materials to be sewn. The Auxiliary Box slides off for the free arm sewing. Also standard acessory parts can be neatly stored in the Auxiliary Box.

FEATURES:
- Automatic needle threader
- Drop feed
- White LED Light
- Automatic one-step buttonholding
- Presser foot pressure adjustment
- Free arm and accessory box
- 21 built-in sewing pattern

SPECIFICATIONS:
- Sewing Speed: Max. 750 s.p.m.
- Stitch Length: Max. 4mm
- Zigzag Width: Max: 7mm

Brother 3034D Home Lock
Brand: BROTHER
Description
Give a professional look to your next project with serged seam finishes. Seams lie flatter and look better with an overlock stitch. Home décor projects often suggest the use of a serger for rolled hems, secure seams and differential feed. Choose from a 3 or 4 thread look and enjoy the new and easy threading method. The 3034D features two needles and 3 / 4 thread with differential feed. Create stitches from 2.0 to 4.0 mm in length. The differential feed ratio of 0.7 – 2.0 gives improved stitch quality and the free arm makes it easier to sew sleeves, trouser legs and other hard to reach places.

- Two needles and 3-4 thread
- Color-coded guides for easy threading
- Free-arm to access hard-to-reach areas
- Differential fabric feed for better stitch quality
- Fast and simple threading of lower loop
- Retractable knife blade
